Startup cell

INTRODUCTION

The Start-up cell in SPMIT was established in August 2018. The cell with its team of coordinators and E-cell Facilitators of the institute is meant for nurturing the potential start-up ideas that will cater need of both tech and non-tech solution to various social, economic and industrial problems of the nation. Although, the ecosystem for the same exists in the institute as the number of tech and non tech student club activities are already functioning, the Start-up cell is meant to coordinate and renovate these activities with vision of flagship scheme Government of India i.e. “Start-up India”.

VISION

Creating a vibrant and dynamic Startup Ecosystem in Technical Institutions by playing a role of pre-incubator to promote & facilitate the support system to innovative and entrepreneurial students and faculties to convert their innovative ideas/problems to tech-solution with a feasible business model stage.

Mission

Handholding of Student start-ups through connecting and forming various student entrepreneurial activity clubs (Innovation Clubs, Start-up Clubs) to come up with tech solutions for the problems from Industry, Society, and Market to generate Ideas/Proof of Concepts (PoCs) and helping them to get converted to Prototypes and mentor them to develop business models ready. Therefore, creating a strong pipeline of quality and quantity tech based potential start-ups for incubators industry to take further.

Objective

- To sensitize and Orient Start-up Cell Coordinators on Entrepreneurial Thinking and Start-up Approaches and Practices.
- To create awareness about entrepreneurship by periodically organizing Workshops, Lectures and other activities that can facilitate knowledge creation and innovation.
- To promote new technology/ knowledge/ innovation based startups.
- To build a vibrant startup, by establishing a link between academia, financial cell, industries, and other institution.
